

DEPORTERS ARE CAUSE OF

ROW ON THE BORDER

DOUGLAS, Jan. 5.—Two United States soldiers who are alleged to have deserted from their organization in Camp Harry J. Jones have caused considerable stir in official circles in Agua Prieta when the Mexican immigration service would have deported them summarily to the United States, but was prevented by the customs service. As a result the men still are in Agua Prieta, held to await their final disposition.

The men are said to have crossed the boundary in uniform. They were placed under arrest shortly after appearing on the streets of the little town across the border and were about to be deported by order of Fernando L. Mendoza, inspector in charge at the Mexican immigration station, when, upon arriving at the border, an armed customs guard blocked the procedure, refusing to let the men be sent back to the United States.

The customs guard claimed that Mendoza had no right under the law to take this action and that any orders for deportation should come from higher authority. Attempts to learn the names of the men proved fruitless.

ARIZONA GUARD IS

NEARLY ORGANIZED

PHOENIX, Jan. 5.—Arizona's proposed national guard is almost organized according to Adjutant General Walter S. Ingalls, the chief of Clarkdale and Jerome giving promise of having their muster-rolls ready for the attention of the adjutant general this week. Incidentally, the state armory fund of approximately \$90,000 is said to have a good chance of going to the two cities that are crowded all the rest of the state for first place in the lists of the guard.

Hay H. Potter, representing the Standard Oil company at Clarkdale, wrote to the adjutant general on December 31 that he had appointed an enrollment committee and that he expected to have the signed muster-rolls ready this week. Clarkdale, he said, expects to put a troop of cavalry in the field, while Jerome aspires to furnish the band organization for the state.

Various other cities throughout the state are reported in a scramble for the head of the list, but none has sent such definite reports as those received from Clarkdale and Jerome.

The adjutant general leaves tomorrow on a two weeks' trip to visit at Holbrook, Winslow, Flagstaff, Wilcox, Kingman, Jerome Clarkdale and Prescott.

SITE SELECTED FOR

DEEP TEST WELL

BOWIE, Jan. 5.—It is reported that G. E. P. Smith, State Engineer, has selected the site for the deep test well for San Simon to be on section 16, southeast of San Simon, adjoining the Washburn ranch.

There is a state appropriation fund provided for making a deep well test for stronger flows of artesian water in the valley.

No information is as yet available as to the date of starting the work, but is assumed work will start early.

TAKE THREE IN

PHOENIX RAID

PHOENIX, Jan. 5.—Three aliens, two Germans and a Bulgarian, have been placed under arrest in northern Arizona within the past few days by federal authorities and are being held with a view to deportation because of alleged activities, according to Sterling Robertson, immigration inspector here. Inspector Robertson said today he did not care to go into details at this time or reveal the manner in which the aliens came under observation of federal officials.

I. W. W. DUES STAMPS ARE

MISSING IN PHOENIX

PHOENIX, Jan. 5.—Theft of \$3000 worth of dues stamps belonging to Metal Mine Workers' union number 960, the Phoenix headquarters of the mining branch of the I. W. W., was reported late today to the police, union officials stating the headquarters was ransacked and records removed some time Thursday night.

Local and federal authorities said there had been no road on the organization.

TEAM MATCH

The Nearlys and the Not Quites were scheduled to meet at the local range yesterday to decide which bunch knows less about shooting. The Not Quites were on the ground promptly at the appointed time, but Kendall, captain of the Nearlys failed to put in an appearance. His opponents claimed it was because he couldn't find his woolen socks. Still another member of the same team was obliged to leave before finishing his string. So the scores appended are for the individuals and of some one versed in therapeutics, calculus, sociology or astronomy will figure out which team won he will confer a favor by informing the statistical officer.

	Nearlys	Not Quites	
200R	300	500	Total
Abell	49	45	48
Lutley	48	40	34
Bennett	27	35	45
Strull	52	44	—
200R	300	500	Total
Almy	50	45	42
Hill	46	44	46
Smith	41	42	42
Lockwood	35	28	36
Staninger	19	45	36

It started to rain after the match was concluded and became dark, cold and disagreeable generally, so the boys decided to shoot the same course over to find out whether they are fair weather shooters. Smith was made captain of one team and Hill of the other. Hill's team won, as shown by the following score:

	200R	300	500	Total
Hill	46	40	41	127
Abell	49	42	48	139
Lutley	46	37	37	120
200R	300	500	Total	
Smith	39	42	40	121
Almy	48	45	48	141
Staninger	45	42	31	118

The wives and sweethearts' challenge match will be shot next Sunday. Any member of the club may challenge any other member who has not shot a lower qualification score than himself. Each to deposit one dollar with Secretary Boyd, on or before Saturday. The winner to give both dollars to his wife, sweetheart, mother or sister. The course of fire and conditions will be the same as shot yesterday. The secretary will give each pair an entry ticket upon payment of the fee, which must be presented to the range officer. Pairs will be sent to the firing line in the order in which entry tickets are presented.

PLEASE BE NICE TO CENSUS

TAKER ASKS UNCLE SAM

The fourteenth and most complete decennial census ever before taken in the United States was launched this morning. Over 300 Arizona census enumerators are now busy compiling the national count. Each census taker must turn in a complete daily report which will comprise the number of minutes he worked during the day and the number of people listed. The centers of population over the state are expected to have their census complete within two weeks and the rural districts within 30 days.

The census enumerators will carry identification cards as well as written commissions. These will be shown promptly by the enumerators on the request of any person.

Under the act of congress providing for the census, no persons may refuse to answer fully and accurately all the enumerator's questions, and the keepers of hotels, apartment houses and other places of lodging must assist the enumerator in getting the information concerning the persons living in such hotels and houses.

Arizona has been divided into two districts of seven counties each for enumeration. Tombstone is included in the northern district, of which Ray B. Leach is supervisor. H. R. Frick is enumerator for Tombstone with headquarters at the postoffice building.

FOR SALE—160 acre farm near R. R. Station at Dragon, 20 acres fenced, 3 room dwelling thereon. For particulars write S. B. Brewster, Stratford, Conn.

Bring in your job printing NOW for the new year.

LAND DEPARTMENT RECEIPTS

BREAK ALL PAST RECORDS

PHOENIX, Jan. 5.—All records of the state land department were broken during December, according to Deputy Land Commissioner Ben R. Clark, who reports total receipts for the month amounting to \$140,000.

The highest previous record was in July of this year when the receipts totaled \$115,000. These items represent the total collected by the office from the lease and sale of state lands.

The high water mark was established much to the surprise of all land office officials, despite the fact that the new land law authorizing increased acreage and extending the tenure of lease from five years to 20 years is not yet in operation. The supreme court handed down a decision in this case declaring the law, which was an emergency measure, is valid despite the fact that it was not signed by the governor.

Though this decision was handed down some 50 days ago or more, Judge Pattee of Pima county has not issued the final judgment as required by law. Judge Pattee it will be remembered, was called in by the superior court of Maricopa to rule on his case when it was in the lower court.

In the meantime applications for land under the new law have been piling up by hundreds in the office of the land department, the sales are making with them, and the entire work of the office is reported to be held up, because of the lack of final action.

RAISE FARE ON

DOUGLAS CARS

PHOENIX, Jan. 5.—A seven cent street car fare will be substituted for five-cent fares in Douglas on January 20 it was announced today by the state corporation commission.

A six-cent fare for purchasers of coupon books will be allowed.

The Douglas Traction and Light company petitioned for a cash fare raise from five cents to eight cents and for a coupon fare raise from four and one-half cents to seven cents, representing that it requires the raises in those amounts in order to realize 10 per cent profit on its investment. The corporation commission deliberated at length on the company's demand for a 10 per cent profit and decided finally, on a fare that would produce a profit of 5 per cent.

The street car company's claim for having done business at a loss during several years just past was not considered by the commission as sufficient to warrant a 10 per cent profit on the investment.

GOV. CAMPBELL TO LEAVE

MONDAY FOR WASHINGTON

PHOENIX, Jan. 5.—Governor Campbell has 16 days of traveling ahead of him this month. It was announced that the executive offices today.

The governor goes to Ajo, Ariz., Monday, to attend the dedication exercises there of a new school building. He will return to Phoenix and then leave January 7 for Denver.

He is due there on January 8 and on the following day he will be present at the reclamation conference for the western states.

In company with eight or nine other western governors and representatives of still more western governors, he will leave Denver for Washington on January 11 and arrive in Washington on January 14 for a conference with a congressional committee on the reclamation needs of the western states will be discussed at length. Governor Campbell expects to return to Phoenix January 20.

ONE BULLET WOUNDS

THREE CHILDREN IN

TOWN ON THE BORDER

DOUGLAS, Jan. 5.—Three children of Camarino Villanueva, a resident of Agua Prieta, were wounded today when a pistol under the pillow of their father's bed fell to the floor and was discharged. The ball inflicted a flesh wound on the body of Alfred, aged 8, passed through the left arm of Camarino, aged 6, and lodged in the head of Jorge, aged 6 months. The latter is said to be fatally wounded. The children were romping on the bed and are said to have fallen to the floor, dragging the pillow and with it the pistol.

ARIZONA GOOD ROADS ASSOCIATION ISSUES GREETING

PHOENIX, Jan. 5.—Greetings—From the Board of Directors of the Arizona Good Roads Association to all citizens in Arizona, interested in good roads.

You are invited to attend a Good Roads Conference to be held at Tucson, on Monday, January 19th, 1920, at the room of the Chamber of Commerce, meeting called to order at 10:00 a. m. Come and bring a big delegation with you. It will be worth while.

Cities and counties are entitled to five (5) delegates each; organizations are entitled to two (2) delegates each; individuals are entitled to be present in person and have one vote.

A board of directors of fourteen (14) will be elected, one from each county. Members of the present board are: Gustav Becker, Apache county; M. I. Powers, Coconino; J. J. Bowen, Cochise; L. L. Henry, Gila; Frank A. Webster, Graham; Norman Carmichael, Greenlee; Dwight B. Heard, Maricopa; J. H. Rosenberg, Mohave; L. E. Carron Navajo; F. Rostadt, Pima; W. V. Price, Pinal; Jas. A. Harrison, Santa Cruz; F. S. Vele, Yavapai; and A. J. Edly, Yuma county.

The program will include a discussion on State and Federal Highway policies, as applied to the control, construction and maintenance of highways, and several other subjects of importance.

See that your county, city and local organizations are fully represented. Be present in person and bring your friends.

Keep up the membership roll. Dues—counties and cities \$25.00 yearly; organizations, \$10.00 yearly; and individuals, \$3.00 yearly.

By order of the Board of Directors, ARIZONA GOOD ROADS ASSOCIATION.

Dwight B. Heard, president.

Harry Welch, secretary.

U. S. PAYS ARIZONANS WHO

WERE INJURED BY MEXICANS

DOUGLAS, Jan. 5.—Congressman Hayden has wired that \$17,000 of the \$17,000 appropriated by congress for personal injuries along the border from Mexican warfare will be paid at once to residents of Douglas. The beneficiaries include: Francis F. Williams, \$5000; Elmer E. Crowe, \$5000; John W. Keate, \$4000; William R. White, \$2000, and Emma Larsen \$1000. Some time ago \$15,000 was paid the mother and sister of J. W. Harrington, a locomotive engineer killed by a stray shot from across the international line.

GOOD SHOWING IN OIL WELL

BOWIE, Jan. 5.—The U. S. O. & R. mining company resumed drilling the first of the week after a shut down of a few weeks getting a new boiler installed. In conversation with field manager Washburn, he states when drilling was started the first few buckets full of slush were full of oil and when the drilling started the slush showed the drill to be in the sand strata, that carried free oil, and oil showing on every bucket full of drilling brought up.

On the strength of this report, came back the report that they had "struck oil." The report got to Globe, El Paso, Tucson and as a result phone wire and letters have been coming to Bowie for confirmation.

While the report was true in the sense they had encountered oil, yet it was not in such quantities as to cause any great excitement. People of San Simon and Bowie feel that there is oil in the Bowie oil basin and await the result of the present drilling to determine in what quantity and then the bringing in of a commercial well then it is time to report the Bowie oil basin having brought in a commercial oil well.

INCREASE IN PAY IS

APPROVED BY BOARD

PHOENIX, Jan. 5.—An increase in salary for Maricopa county employees as recommended some months ago by heads of the various county departments, was approved today by the board of supervisors. No single flat salary increase would be ordered, it was said, but raises would vary with terms of service and other considerations.

JOHNSON NOTES

Miss Mollie Brown, formerly principal of the Johnson schools and now a teacher in the public school of Douglas, was a visitor this week.

Mrs. E. C. Rice and daughter arrived this week from Las Cruces, N. M., to visit Mr. Rice, superintendent of the Mines and Development Corporation of Arizona.

Herb Wien was drafted Christmas day by John Bright to act as chauffeur. They went some until the wind shield got hot from speed. Then Herb quit.

The dance at the Pastime hall on Christmas eve was well attended, there being many present from Douglas, Pinal, Cochise and other nearby camps. Music was furnished by the Selmonville orchestra. Everybody enjoyed themselves as is always the case in Johnson.

Owing to the vigilance of the officers in the vicinity of El Paso, Johnson was dry on Christmas day. A small cargo of wet goods, with a ketch, was headed this way from Juarez, chaperoned by two well known Johnson Mexicans. It is supposed the booze is in the Rio Grande by this time and it is a sure thing that the Mexicans are in jail in El Paso for smuggling.

Among our distinguished visitors this week were deputy sheriffs Smith of Pearce Bennett of Benson, Moore of Wilcox, Morgan of Cochise and Rafferty from headquarters. They were all here the same day and looking for the same man, one who had violated the law knowing some of these officers as well as we do, we are surprised that they should come to a peaceable, law-abiding town like this to find a criminal, Johnson is so peaceful that our cat eats out of the same dish with our neighbor's dog providing the neighbor puts something in the dish.

John Bright assisted in the man hunt Christmas day, but many who saw him leave town with chauffeur No. 2, Glenn Wells, thought he was out joy riding, as he was all dressed up with a "white" "stand-up" collar. After making several inquiries we learned that several of "Our John's" friends and neighbors had put him into the collar the night before to attend the dance. He, not being familiar with the mechanical working of this article was unable to get it off until the collar button melted from the speed shown by No. 2.

Bring that job of printing to us now.

REPLICATION

United States Land Office, at Phoenix, Arizona, State of Arizona.

TO WHOM IT MAY CONCERN: Notice is hereby given that the State of Arizona, under the provisions of the act of Congress, approved June 29, 1910 (36 Stat. 107), has filed in this office its School Indemnity Land Selections applying to select as indemnity the lands described as follows:

2782-043023; In T. 18 S. R. 27 E., NE 1/4 Sec. 6, G. & S. R. M.

During the five weeks period of publication of this notice or any time thereafter and before final approval and certification this office will receive protests or contests as to any of the tracts applied for and transmit the same to the General Land Office.

Dated at Phoenix, June 27 1919.

J. L. KAVIN, Register.

SCOTT WHITE Receiver.

Date of first publication, January 4, 1920.

NOTICE FOR PUBLICATION

Department of the Interior

U. S. Land Office at Phoenix, Arizona, November 15, 1919.
